

What's New?

Our inaugural luncheon seminar in Denver was a HUGE success!

The RezStream team of experts bundled up their knowledge and took it on the road! We kicked off our first luncheon seminar in Denver last month with attendees from all over Colorado and the Rocky Mountain region. Seventeen hospitality properties joined us to learn first hand about our industry leading property management software, RezStream Professional, and our online reservation system utilizing the RezStream Booking Engine. Guests also discovered the benefits of using RezStream Website: Design, Hosting, Promotion & Statistical Tracking services. If you were unable to be present at this Denver learning & luncheon experience, RezStream hopes you can join us when we visit your area!

Our next seminar is scheduled for **November 15th from 11:30 AM to 1:30 PM** (complimentary lunch included) at **Congress Hall, 251 Beach Avenue, Cape May, New Jersey 08204**. Come enjoy a three-course meal and learn as Joe Pawlak and Brad Brewer discuss combining hospitality reservation software and Internet marketing services, a winning formula for enhancing business revenue. RSVP to Tess Booth at RezStream by calling 866-360-8210 or email Tess.Booth@RezStream.com. Please join us in Cape May!
