

For Immediate Release

10/14/2006

Denver, Colorado

RezStream, a national leader in hospitality solutions, is pleased to announce the launch of **RezNEWS**, a monthly hospitality newsletter. **RezNEWS** is a content driven, creative news resource; specifically created to inform hospitality businesses, dispel common myths about the industry, and provide fresh insights into emerging technology trends. Bill Mitchell, Chief Operating Officer of RezStream said, "With each issue, our main goal is to deliver timely technology and marketing information as well as productivity tips to simplify your business day."

RezStream, located in Denver, Colorado, is an industry leader in property management software, online reservation booking engine technology, and Internet marketing for hotels, motels, resorts, condos and vacation rentals, and spas. Over 5,000 unique users worldwide use property management products created by the founders of RezStream.

RezStream continues to improve and enhance their flagship products, RezStream Professional property management software and the RezStream Booking Engine, which provides seamless connectivity to the worldwide Global Distribution System (GDS). RezStream has also recently introduced RezStream Website: Design, Hosting and Promotion, for customer benefit and satisfaction. RezStream offers the most complete suite of hospitality technology solutions available to any sized property, small and large, in the hospitality industry.

For more information, contact RezStream toll-free at 866-360-8210 or visit their brand new website @ www.rezstream.com.
